

Sanctioning Club Competitions

The OWNZ Executive Group will be considering the following when sanctioning a club competition:

- Ability to meet the hosting requirements of a club competition
- Alignment within the OWNZ 2016 calendar with OWNZ National Events. For example, if you propose to have a club competition on the same weekend as North & South Island Champs then this will most likely be declined as we would like you to support our national events around NZ.
- Alignment within your region. OWNZ will be encouraging clubs in the same region to work and liaise with each other to share resources and officials aiming to build quality competitions.

Dates will be sanctioned at the following OWNZ Executive Group Meetings:

- December 2015
- January 2016
- April 2016
- July 2016
- October 2016

To make sure your club competitions get sanctioned in time please submit the competition dates by the 1st of each month stated above. For example, if you want to be on the 2016 calendar in January then submit your dates to the General Manager by 1st December.

2016 Leagues

- OWNZ Club Champs League will run the same as 2015 being 5 league rounds from Feb – June 2016.
- Secondary School League format will be changing and details will be released before the New Year. This is looking to be 6 league rounds from March – August 2016 but the individuals lifts do not have to be completed in an OWNZ sanctioned event. Training attempts may be submitted like we did this year.

If you have any questions regarding sanctioning your club competitions then please do not hesitate to contact the General Manager at info@olympicweightlifting.nz or on 027 3039434
