## **Warm Up Area Passes**

Due to limited space in the warm up area, we ask that athletes have the minimum number of helpers with them in the warm up area. This is to keep the warm up area comfortable for the athletes competing and also for health & safety reasons. Anyone who does not have a warm up area pass will be asked to leave the warm up room immediately. Passes will be given to athletes at weigh in.

Pass allocation:

- 1 athlete = 2 passes
- 2 athletes from one club = 3 passes
- 3 or more athletes from one club = 2 passes per athlete

## **Warm up Area**

It is expected that after each prize giving, all coaches and athletes put all of the weights back where they found them and ensure the area is tidy for the next session. Please respect these rules as they are important for health & safety reasons.

## **Weigh In Room**

There will only be one set of scales at this competition and these will be located inside the weigh in room.

Athletes may check their weight at the following times:

- Friday from 2pm onwards
- Saturday & Sunday between the weigh in times
